

When it comes to vehicles with low ground clearance, LUKAS special jacks are valuable additions to your rerailing concept. The initial lifting of the vehicle is made easy thanks to the internal jacks. Manufacturers may install bayonet adapters in the vehicle floor depending upon the design and weight of the vehicle. In this case, the LUKAS internal jacks are inserted into the vehicle floor and can be extended there.

Technical Data

Dimensions:	120 x 120 x 535 mm
Operating Pressure:	53 MPa
Lifting Force:	104 kN
Stroke:	250 mm
Height:	785 mm
Weight:	14 kg
Ambient Temperature:	-20 bis +55°C
Oil Volume:	0,49 l
