

HP 10 / 250R

When it comes to vehicles with low ground clearance, LUKAS special jacks are valuable additions to your rerailling concept. The initial lifting of the vehicle is made easy thanks to the internal jacks. Manufacturers may install bayonet adapters in the vehicle floor depending upon the design and weight of the vehicle. In this case, the LUKAS internal jacks are inserted into the vehicle floor and can be extended there.

Technical Data

| | |
|----------------------|---------------------------|
| Dimensions: | 120 x 120 x 535 mm |
| Operating Pressure: | 53 MPa |
| Lifting Force: | 104 kN |
| Stroke: | 250 mm |
| Height: | 785 mm |
| Weight: | 14 kg |
| Ambient Temperature: | -20 bis +55°C |
| Oil Volume: | 0,49 l |
