

When it comes to vehicles with low ground clearance, LUKAS special jacks are valuable additions to your rerailing concept. The initial lifting of the vehicle is made easy thanks to the internal jacks. Manufacturers may install bayonet adapters in the vehicle floor depending upon the design and weight of the vehicle. In this case, the LUKAS internal jacks are inserted into the vehicle floor and can be extended there.

Technical Data

Dimensions: **206 x 163 x 736 mm**

Operating Pressure: **53 MPa**

Lifting Force: **204 kN**

Stroke: **300 mm**

Height: **1036 mm**

Weight: **24 kg**

Ambient Temperature: **-20 bis +55°C**

max. adjustment length of bayonet fastener: **100 mm**

Oil Volume: **0,94 l**
