

SIMO POWER WITH ELECTRIC MOTOR - FAST, LIGHT AND FLEXIBLE

The P 635 SE is equipped with an electric motor and allows the simultaneous operation of two devices (Simo-Power). Due to the higher oil volume, a higher flow rate is given and more power is available. The hose reel module can be retrofitted and quick and safe coupling is possible thanks to monocoupling technology.

Technical Data

Dimensions:	440 x 440 x 445 mm
Connection:	2 devices
Drive:	230 V electric motor
Operation pressure:	700 bar
Delivery rate low-high pressure:	2 x 2,4 - 2 x 0,55 l/min.
Delivery rate Turbo low-high pressure:	1 x 4,7 - 1 x 1,1 l/min
Output:	2,2 kW
Weight:	36,7 kg
Turbo function:	included
Oil volume:	5 l
