

## SP 555 eWXT

### MASTERPIECE: LIGHT MIDDLE CLASS WITH LOTS OF POWER

The LUKAS SP 555 eWXT is the light middle class with unlimited power. Lifting loads, spreading material and peeling and pulling is no problem because handling has been improved by reducing weight. Due to squeeze plates, which are directly integrated into both spreader arms, there is no compromise for any material. The "Shark-Tooth-Tips" also provide the right grip and prevent any slipping. But that's not all, because the SP 555 eWXT is a liquid-protected rescue system. Operations in heavy rain, floods or even under water are no problem because it is waterproof. The series includes the 5 Ah or 9 Ah rescue battery with the longest operating time in the industry.

### Technical Data

Dimensions:	<b>923 x 265 x 253 mm</b>
EN-Classification:	<b>AS 52/730 - 21,1</b>
Weight:	<b>20,0 kg</b>
Squeezing force up to:	<b>115 kN</b>
Protection class:	<b>IP 58</b>
Series:	<b>eWXT</b>
Spreading force:	<b>52 - 658 kN</b>
Spreading distance:	<b>730 mm</b>
Pulling force up to:	<b>58 kN</b>
Pulling distance:	<b>569 mm</b>
