

SP 777 eWXT

HUGE POWER, WIDE SPREAD AND GREAT GRIP

With the LUKAS SP 777 eWXT we like to speak in superlatives! The spreader for lifting, spreading, squeezing, peeling and pulling is the most powerful in its class. Its huge spreading path easily conquers any material. Thanks to the "Shark-Tooth-Tips" the grip is just right and slipping is no longer an issue, no matter what material it is used on. But that's not all, because the SP 777 eWXT is a liquid-protected rescue system. Operations in heavy rain, floods or even under water are no problem, as it is waterproof. Matching the series are the 5 Ah or 9 Ah rescue batteries with the longest operating time in the industry.

Technical Data

Dimensions:	997 x 309 x 253 mm
EN-Classification:	BS 63/813 - 24,6
Weight:	23,4 kg
Squeezing force up to:	122 kN
Protection class:	IP 58
Series:	eWXT
Spreading force:	63 - 600 kN
Spreading distance:	813 mm
Pulling force up to:	60 kN
Pulling distance:	655 mm
