

THE BEAST by LUKAS 2.0: GIANT FORCES WITH EXCELLENT MEASURING EQUIPMENT

The S 799 eWXT is the successor model to our THE BEAST by LUKAS S 799 E2, a cutter with enormous power. The market was impressed by the cutting performance of this rescue tool! The S 799 eWXT is in no way inferior to THE BEAST. The special blade technology from LUKAS has also been used here. Due to the wide blade opening, which hardly diminishes towards the central bolt, in combination with a high jaw depth, it is possible to completely enclose the material to be cut and cut through with one cut. And that is not all. The S 799 eWXT is also a liquid-protected rescue system. Operations in heavy rain, flood or even under water are no problem, because it is waterproof. The series includes the 5 Ah or 9 Ah rescue battery with the longest operating time in the industry.

Technical Data

| | |
|-----------------------|-------------------------------|
| Dimensions: | 930 x 265 x 253 mm |
| EN-Classification: | CC 200 K – 26,1 |
| EN cutting class: | K |
| EN Cutting capacity: | 1K-2K-3K-4K-5K |
| Weight: | 24,9 kg |
| Blade opening: | 204 mm |
| NFPA cutting classes: | A9, B9, C9, D9, E9, F5 |
| Round steel up to: | 45 mm |
| Cutting force up to: | 1376 kN |
| Protection class: | IP 58 |
| Series: | eWXT |
