

## E 100 StrongArm

### LIGHT IN THE HAND - STRONG IN USE

Overcoming obstacles quickly

Every operation requires the highest concentration and perfect equipment. To enable you to remove any obstacle on the way to a quick rescue, LUKAS has developed a combination rescue device that provides you with reliable and efficient support during your operation: Opening doors and gates, cutting chains, locks and bolts, lifting or pushing away obstacles are among the most important applications of the LUKAS Strongarm.

Whether spreading, lifting or cutting: The StrongArm helps save lives. With it you can overcome any obstacle!

### Technical Data

Dimensions with combination tips:	<b>796 x 195 x 210 mm</b>
Battery weight:	<b>1,3 kg</b>
Weight:	<b>9,8 kg</b>
Blade opening with combi tips:	<b>207 mm</b>
NFPA cutting classes:	<b>A5, B3, C5, D6, E6</b>
Round steel up to:	<b>22,2 mm</b>
Cutting force up to:	<b>155 kN</b>
Spreading force:	<b>28 - 700 kN</b>
Spreading distance with combi tips:	<b>215 mm</b>
Spreading distance with door opener tips:	<b>184 mm</b>
